## Q10. Obstacles to applying for licensure

<https://surveys.cma.ca/en/permalink/survey79>

Survey Date: 2019

Full Question: Q10. What factors did you consider significant obstacles with respect to applying for licensure in another province or territory?

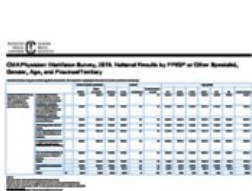

Topic: Access to services  
National licensure

Keywords: License  
Licensure  
Barriers  
Practice obstacles

Response Choices: Obtaining credential verification for or from the provincial/territorial regulatory authority  
Obtaining letter(s) of good standing from the provincial/territorial regulatory authority  
Obtaining reference or character letters  
Obtaining police record check  
Cost of getting licensed in the other province or territory  
Length of the process to obtain a licence in the other province or territory  
The overall complexity of the process to obtain a licence  
Other, please specify:  
There were no significant obstacles

## Q12. Impact of national licensure on physician practices

<https://surveys.cma.ca/en/permalink/survey83>

Survey Date: 2019

Full Question: Q12. If a national licensure system were implemented today, how likely would you be to:  
Highly unlikely  
Somewhat unlikely  
Unsure  
Somewhat likely  
Highly likely

Topic: Access to services  
National licensure  
Patient care

Keywords: License  
Licensure  
Changes  
Portability  
Locum  
Virtual care  
Rural practice  
Access

Response Choices: Seek out locum opportunities in other provinces/ territories  
Practise in multiple provinces/territories on an ongoing basis  
Provide virtual care (e.g., telemedicine) to patients in other provinces/territories  
Practise temporarily in rural/remote areas in other provinces/territories  
Participate in further training in another province or territory

## Q17. Electronic tools used by patients

# <https://surveys.cma.ca/en/permalink/survey88>

Survey Date: 2019

Full Question: Q17. Which of the following can patients in your practice do?

Topic: Patient care  
Electronic records and tools

Keywords: Electronic medical records  
EMR  
Electronic health record  
EHR  
Patient notes  
Virtual care  
Visit  
Consult  
e-scheduling  
Online records  
Online prescriptions  
email

Response Choices: Request appointments online (i.e. advance access e-scheduling)  
Request prescription renewals online  
View information from their health record online (e.g. lab test results or immunization history)  
Electronically add measurements (e.g. blood pressure readings) to their electronic record  
Electronically add text and/or other documentation to their electronic record  
Visit with you virtually (i.e. online by video)  
Consult with you via email or text message  
None of the above  
N/A (e.g. hospital practice only)

## Q16. Electronic tools used by physicians

<https://surveys.cma.ca/en/permalink/survey103>

Survey Date: 2019

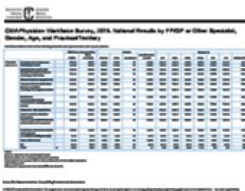

Full Question: Q16. Please indicate which of the following electronic tools you use in the care of your patients

Topic: Patient care  
Electronic records and tools

- Keywords: Electronic medical records  
EMR  
Electronic health record  
EHR  
Patient notes
- Response Choices: Reminders for patient care  
Ordering lab tests  
Ordering diagnostic tests  
Receipt of hospital visit and discharge information  
Clinical decision support tool  
Access to list of medications taken by a patient  
Warnings for drug interactions  
Interface to pharmacy/pharmacist  
Access to lab test/diagnostic results  
Referral to other physicians  
Secure transfer of patient information  
Access to provincial/territorial patient information systems  
Interface to non-doctor health professionals  
An Artificial Intelligence (AI)  
None of the above

## Q21 & Q22. Work hours

<https://surveys.cma.ca/en/permalink/survey112>

Survey Date: 2019

Full Question: Q21 & Q22. EXCLUDING ON-CALL ACTIVITIES, how many HOURS IN AN AVERAGE WEEK do you usually spend on the following activities? Assume each activity is mutually exclusive for reporting purposes (i.e., if an activity spans two categories, please report hours in only one category).

Topic: Hours of work and workload  
 Access to services  
 Patient care  
 Practice management (e.g., overhead costs, paperwork)  
 On-call activities  
 Oncall

Keywords: Workload  
 Time  
 Oncall

Response Choices: Direct patient care without a teaching component, regardless of setting  
 Direct patient care with a teaching component, regardless of setting  
 Teaching/Education without direct patient care (contact with students/residents, preparation, marking, evaluations, etc.)  
 Indirect patient care (charting, reports, phone calls, meeting patients' family, etc.)  
 Health facility committees (academic planning committees)  
 Administration (i.e., management of university program, chief of staff, department head, Ministry of Health, etc.)  
 Research (including management of research and publications)  
 Managing your practice (staff, facility, equipment, etc.)  
 Continuing medical education/professional development (courses, reading, videos, tapes, seminars, etc.)  
 Other  
 TOTAL HOURS WORKED PER WEEK
