## Q16. Electronic tools used by physicians

# <https://surveys.cma.ca/en/permalink/survey103>

Survey Date: 2019

Full Question: Q16. Please indicate which of the following electronic tools you use in the care of your patients

Topic: Patient care  
Electronic records and tools

Keywords: Electronic medical records  
EMR  
Electronic health record  
EHR  
Patient notes

Response Choices: Reminders for patient care  
Ordering lab tests  
Ordering diagnostic tests  
Receipt of hospital visit and discharge information  
Clinical decision support tool  
Access to list of medications taken by a patient  
Warnings for drug interactions  
Interface to pharmacy/pharmacist  
Access to lab test/diagnostic results  
Referral to other physicians  
Secure transfer of patient information  
Access to provincial/territorial patient information systems  
Interface to non-doctor health professionals  
An Artificial Intelligence (AI)  
None of the above

## Q17. Electronic tools used by patients

<https://surveys.cma.ca/en/permalink/survey88>

Survey Date: 2019

Full Question: Q17. Which of the following can patients in your practice do?

Topic: Patient care  
Electronic records and tools

Keywords: Electronic medical records  
EMR  
Electronic health record  
EHR  
Patient notes  
Virtual care  
Visit  
Consult  
e-scheduling  
Online records  
Online prescriptions  
email

Response Choices: Request appointments online (i.e. advance access e-scheduling)  
Request prescription renewals online  
View information from their health record online (e.g. lab test results or immunization history)  
Electronically add measurements (e.g. blood pressure readings) to their electronic record  
Electronically add text and/or other documentation to their electronic record  
Visit with you virtually (i.e. online by video)  
Consult with you via email or text message  
None of the above  
N/A (e.g. hospital practice only)
