

## Q06. Province(s)/territory(ies) of licensure

<https://surveys.cma.ca/en/permalink/survey73>

Survey Date: 2019

Full Question: Q06. In which Canadian jurisdiction(s) do you currently hold an active medical practice licence?

Topic: National licensure

Keywords: Province  
Territory  
License  
Licensure  
Practice  
Work  
Portability

Response Choices: British Columbia  
Alberta  
Saskatchewan  
Manitoba  
Ontario  
Quebec  
New Brunswick  
Nova Scotia  
Prince Edward Island  
Newfoundland & Labrador  
Northwest Territories  
Yukon  
Nunavut

## Q07. Main province/territory of practice

<https://surveys.cma.ca/en/permalink/survey75>

Survey Date: 2019

Full Question: Q07. In what province/territory do you primarily work?

Topic: National licensure

Keywords: Province  
Territory  
Practice  
Work

Response Choices: British Columbia  
Alberta  
Saskatchewan  
Manitoba  
Ontario  
Quebec  
New Brunswick  
Nova Scotia  
Prince Edward Island  
Newfoundland & Labrador  
Northwest Territories  
Yukon  
Nunavut

## Q07. Work setting

<https://surveys.cma.ca/en/permalink/survey14>

Survey Date: 2017

Full Question: Q07. Which of the following is your primary work setting?

Topic: Work setting

Hospital setting

Keywords: Hospital setting

Practice setting

Work location

Work setting

Response Choices: Private office/clinic (excluding free standing walk-in clinics)

Community clinic/Community health centre

Free-standing walk-in clinic

Academic health sciences centre (AHSC)

Non-AHSC teaching hospital

Community hospital

Other hospital

Emergency department (in community hospital or AHSC)

Nursing home/ Long term care facility / Seniors' residence

University

Research Unit

Free-standing lab/diagnostic clinic

Administrative office / Corporate Office

## Q10. Obstacles to applying for licensure

<https://surveys.cma.ca/en/permalink/survey79>

Survey Date: 2019

Full Question: Q10. What factors did you consider significant obstacles with respect to applying for licensure in another province or territory?

Topic: Access to services  
National licensure

Keywords: License  
Licensure  
Barriers  
Practice obstacles

Response Choices: Obtaining credential verification for or from the provincial/territorial regulatory authority  
Obtaining letter(s) of good standing from the provincial/territorial regulatory authority  
Obtaining reference or character letters  
Obtaining police record check  
Cost of getting licensed in the other province or territory  
Length of the process to obtain a licence in the other province or territory  
The overall complexity of the process to obtain a licence  
Other, please specify:  
There were no significant obstacles

## Q12. Impact of national licensure on physician practices

<https://surveys.cma.ca/en/permalink/survey83>

Survey Date: 2019

Full Question: Q12. If a national licensure system were implemented today, how likely would you be to:  
Highly unlikely  
Somewhat unlikely  
Unsure  
Somewhat likely  
Highly likely

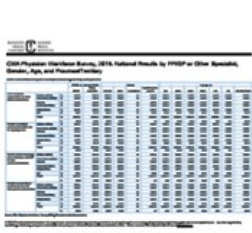

Topic: Access to services  
National licensure  
Patient care

Keywords: License  
Licensure  
Changes  
Portability  
Locum  
Virtual care  
Rural practice  
Access

Response Choices: Seek out locum opportunities in other provinces/ territories  
Practise in multiple provinces/territories on an ongoing basis  
Provide virtual care (e.g., telemedicine) to patients in other provinces/territories  
Practise temporarily in rural/remote areas in other provinces/territories  
Participate in further training in another province or territory

## Q13. Work hours

## <https://surveys.cma.ca/en/permalink/survey20>

Survey Date: 2017

Full Question: Q13. EXCLUDING ON-CALL ACTIVITIES, how many HOURS IN AN AVERAGE WEEK do you usually spend on the following activities? Assume each activity is mutually exclusive for reporting purposes.

Topic: Patient care  
On-call activities  
Practice management (e.g., overhead costs, paperwork)  
Hours of work and workload

Keywords: Administrative duties  
Committee work  
Indirect patient care  
On-call services  
Patient care  
Practice management  
Continuing medication education (CME)  
Research  
Teaching  
Work hours  
Oncall  
Oncall activities  
Workload

Response Choices: Direct patient care without a teaching component, regardless of setting  
Direct patient care with a teaching component, regardless of setting  
Teaching/Education without direct patient care (contact with students/residents, preparation, marking, evaluations, etc.)  
Indirect patient care (charting, reports, phone calls, meeting patients' family, etc.)  
Health facility committees (academic planning committees)  
Administration (i.e., management of university program, chief of staff, department head, Ministry of Health, etc.)  
Research (including management of research and publications)  
Managing your practice (staff, facility, equipment, etc.)  
Continuing medical education/professional development (courses, reading, videos, tapes, seminars, etc.)

## Q16. Electronic tools used by physicians

<https://surveys.cma.ca/en/permalink/survey103>

Survey Date: 2019

Full Question: Q16. Please indicate which of the following electronic tools you use in the care of your patients

Topic: Patient care  
Electronic records and tools

Keywords: Electronic medical records  
EMR  
Electronic health record  
EHR  
Patient notes

Response Choices: Reminders for patient care  
Ordering lab tests  
Ordering diagnostic tests  
Receipt of hospital visit and discharge information  
Clinical decision support tool  
Access to list of medications taken by a patient  
Warnings for drug interactions  
Interface to pharmacy/pharmacist  
Access to lab test/diagnostic results  
Referral to other physicians  
Secure transfer of patient information  
Access to provincial/territorial patient information systems  
Interface to non-doctor health professionals  
An Artificial Intelligence (AI)  
None of the above

## Q17. Accepting new patients

<https://surveys.cma.ca/en/permalink/survey24>

Survey Date: 2017

Full Question: Q17. To what extent is your practice accepting new patients into your MAIN patient care setting? Please check only ONE.

Topic: Patient care  
Hours of work and workload  
Access to services

Keywords: Access to services  
Appointment availability  
Overworked  
Patient care  
Patient load  
Wait time  
Work hours  
Workload  
Wait times  
Waiting times

Response Choices: No restrictions; practice is open to all new patients  
Partially closed  
Completely closed  
Does not apply to my practice setting

The image shows a small thumbnail of a survey results table. The title is "Q17 Physician (Practice) Survey, 2019: National Results by FFS/FP or Other Specialist, Gender, Age, and Practice Setting". The table has multiple columns and rows, with some cells highlighted in blue. The columns likely represent different demographic and practice-related categories, and the rows represent the survey questions or data points.

## Q17. Electronic tools used by patients

<https://surveys.cma.ca/en/permalink/survey88>

- Survey Date: 2019
- Full Question: Q17. Which of the following can patients in your practice do?
- Topic: Patient care  
Electronic records and tools
- Keywords: Electronic medical records  
EMR  
Electronic health record  
EHR  
Patient notes  
Virtual care  
Visit  
Consult  
e-scheduling  
Online records  
Online prescriptions  
email
- Response Choices: Request appointments online (i.e. advance access e-scheduling)  
Request prescription renewals online  
View information from their health record online (e.g. lab test results or immunization history)  
Electronically add measurements (e.g. blood pressure readings) to their electronic record  
Electronically add text and/or other documentation to their electronic record  
Visit with you virtually (i.e. online by video)  
Consult with you via email or text message  
None of the above  
N/A (e.g. hospital practice only)

### Documents

The thumbnail shows a table with the following columns: Province/Territory, Male, Female, Total, and a final column with a percentage. The rows list provinces and territories such as Alberta, Saskatchewan, Manitoba, Ontario, Quebec, New Brunswick, Nova Scotia, Prince Edward Island, Newfoundland and Labrador, Northwest Territories, Yukon, and Nunavut.
