

## Q09. Organization of practice (solo, group, etc.)

<https://surveys.cma.ca/en/permalink/survey16>

Survey Date: 2017

Full Question: Q09. How is your MAIN patient care setting organized? Check ONLY ONE. (Note that a solo or group practice could also include another health professional who does not have her/his own caseload).

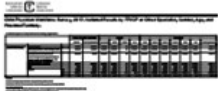

Topic: Work setting  
Patient care  
Hospital setting  
Collaborative practice

Keywords: Collaborative practice  
Group practice  
Hospital setting  
Interprofessional  
Partner  
Patient care setting  
Practice setting  
Solo practice  
Team practice  
Work setting

Response Choices: Solo practice  
Group practice – community based  
Interprofessional practice – community based (physician(s) & other health professional(s) who have their own caseloads)  
Hospital-based practice

## Q16. Electronic tools used by physicians

<https://surveys.cma.ca/en/permalink/survey103>

Survey Date: 2019

Full Question: Q16. Please indicate which of the following electronic tools you use in the care of your patients

Topic: Patient care

Electronic records and tools

Keywords: Electronic medical records

EMR

Electronic health record

EHR

Patient notes

Response Choices: Reminders for patient care

Ordering lab tests

Ordering diagnostic tests

Receipt of hospital visit and discharge information

Clinical decision support tool

Access to list of medications taken by a patient

Warnings for drug interactions

Interface to pharmacy/pharmacist

Access to lab test/diagnostic results

Referral to other physicians

Secure transfer of patient information

Access to provincial/territorial patient information systems

Interface to non-doctor health professionals

An Artificial Intelligence (AI)

None of the above

## Q17. Electronic tools used by patients

<https://surveys.cma.ca/en/permalink/survey88>

Survey Date: 2019

Full Question: Q17. Which of the following can patients in your practice do?

Topic: Patient care

Electronic records and tools

Keywords: Electronic medical records

EMR

Electronic health record

EHR

Patient notes

Virtual care

Visit

Consult

e-scheduling

Online records

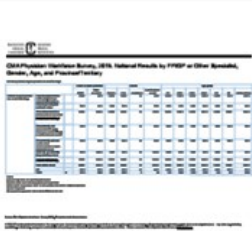

Online prescriptions

email

- Response Choices:
- Request appointments online (i.e. advance access e-scheduling)
  - Request prescription renewals online
  - View information from their health record online (e.g. lab test results or immunization history)
  - Electronically add measurements (e.g. blood pressure readings) to their electronic record
  - Electronically add text and/or other documentation to their electronic record
  - Visit with you virtually (i.e. online by video)
  - Consult with you via email or text message
  - None of the above
  - N/A (e.g. hospital practice only)
