## Q09. Organization of practice (solo, group, etc.)

<https://surveys.cma.ca/en/permalink/survey16>

Survey Date: 2017

Full Question: Q09. How is your MAIN patient care setting organized? Check ONLY ONE. (Note that a solo or group practice could also include another health professional who does not have her/his own caseload).

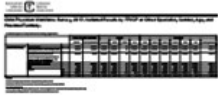

Topic: Work setting  
Patient care  
Hospital setting  
Collaborative practice

Keywords: Collaborative practice  
Group practice  
Hospital setting  
Interprofessional  
Partner  
Patient care setting  
Practice setting  
Solo practice  
Team practice  
Work setting

Response Choices: Solo practice  
Group practice – community based  
Interprofessional practice – community based (physician(s) & other health professional(s) who have their own caseloads)  
Hospital-based practice

## Q12. Impact of national licensure on physician practices

<https://surveys.cma.ca/en/permalink/survey83>

Survey Date: 2019

Full Question: Q12. If a national licensure system were implemented today, how likely would you be to:  
Highly unlikely  
Somewhat unlikely  
Unsure  
Somewhat likely  
Highly likely

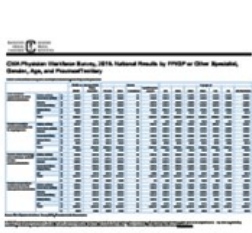

Topic: Access to services  
National licensure  
Patient care

Keywords: License  
Licensure  
Changes  
Portability  
Locum  
Virtual care  
Rural practice  
Access

Response Choices: Seek out locum opportunities in other provinces/ territories  
Practise in multiple provinces/territories on an ongoing basis  
Provide virtual care (e.g., telemedicine) to patients in other provinces/territories  
Practise temporarily in rural/remote areas in other provinces/territories  
Participate in further training in another province or territory

## Q13. Work hours

## <https://surveys.cma.ca/en/permalink/survey20>

Survey Date: 2017

Full Question: Q13. EXCLUDING ON-CALL ACTIVITIES, how many HOURS IN AN AVERAGE WEEK do you usually spend on the following activities? Assume each activity is mutually exclusive for reporting purposes.

Topic: Patient care  
On-call activities  
Practice management (e.g., overhead costs, paperwork)  
Hours of work and workload

Keywords: Administrative duties  
Committee work  
Indirect patient care  
On-call services  
Patient care  
Practice management  
Continuing medication education (CME)  
Research  
Teaching  
Work hours  
Oncall  
Oncall activities  
Workload

Response Choices: Direct patient care without a teaching component, regardless of setting  
Direct patient care with a teaching component, regardless of setting  
Teaching/Education without direct patient care (contact with students/residents, preparation, marking, evaluations, etc.)  
Indirect patient care (charting, reports, phone calls, meeting patients' family, etc.)  
Health facility committees (academic planning committees)  
Administration (i.e., management of university program, chief of staff, department head, Ministry of Health, etc.)  
Research (including management of research and publications)  
Managing your practice (staff, facility, equipment, etc.)  
Continuing medical education/professional development (courses, reading, videos, tapes, seminars, etc.)

Q16 Electronic Tools Used by Physicians, 2019, National Results by FPEP or Other Specialist, Gender, Age, and Practice Territory

Response	Male	Female	All	Urban	Suburban	Rural	Other
Yes	95.0	95.0	95.0	95.0	95.0	95.0	95.0
No	5.0	5.0	5.0	5.0	5.0	5.0	5.0

## Q16. Electronic tools used by physicians

<https://surveys.cma.ca/en/permalink/survey103>

Survey Date: 2019

Full Question: Q16. Please indicate which of the following electronic tools you use in the care of your patients

Topic: Patient care  
Electronic records and tools

- Keywords:            Electronic medical records  
                          EMR  
                          Electronic health record  
                          EHR  
                          Patient notes
- Response Choices:  Reminders for patient care  
                          Ordering lab tests  
                          Ordering diagnostic tests  
                          Receipt of hospital visit and discharge information  
                          Clinical decision support tool  
                          Access to list of medications taken by a patient  
                          Warnings for drug interactions  
                          Interface to pharmacy/pharmacist  
                          Access to lab test/diagnostic results  
                          Referral to other physicians  
                          Secure transfer of patient information  
                          Access to provincial/territorial patient information systems  
                          Interface to non-doctor health professionals  
                          An Artificial Intelligence (AI)  
                          None of the above

## Q17. Accepting new patients

## <https://surveys.cma.ca/en/permalink/survey24>

Survey Date: 2017

Full Question: Q17. To what extent is your practice accepting new patients into your MAIN patient care setting? Please check only ONE.

Topic: Patient care  
Hours of work and workload  
Access to services

Keywords: Access to services  
Appointment availability  
Overworked  
Patient care  
Patient load  
Wait time  
Work hours  
Workload  
Wait times  
Waiting times

Response Choices: No restrictions; practice is open to all new patients  
Partially closed  
Completely closed  
Does not apply to my practice setting

## Q17. Electronic tools used by patients

<https://surveys.cma.ca/en/permalink/survey88>

Survey Date: 2019

Full Question: Q17. Which of the following can patients in your practice do?

Topic: Patient care  
Electronic records and tools

Keywords: Electronic medical records  
EMR  
Electronic health record  
EHR  
Patient notes  
Virtual care  
Visit  
Consult  
e-scheduling  
Online records  
Online prescriptions  
email

Response Choices: Request appointments online (i.e. advance access e-scheduling)  
Request prescription renewals online  
View information from their health record online (e.g. lab test results or immunization history)  
Electronically add measurements (e.g. blood pressure readings) to their electronic record  
Electronically add text and/or other documentation to their electronic record  
Visit with you virtually (i.e. online by video)  
Consult with you via email or text message  
None of the above  
N/A (e.g. hospital practice only)
