Q16. Electronic tools used by physicians

<https://surveys.cma.ca/en/permalink/survey103>

Survey Date: 2019

Full Question: Q16. Please indicate which of the following electronic tools you use in the care of your patients

Topic: Patient care

Electronic records and tools

Keywords: Electronic medical records

EMR

Electronic health record

EHR

Patient notes

Response Choices: Reminders for patient care

Ordering lab tests

Ordering diagnostic tests

Receipt of hospital visit and discharge information

Clinical decision support tool

Access to list of medications taken by a patient

Warnings for drug interactions

Interface to pharmacy/pharmacist

Access to lab test/diagnostic results

Referral to other physicians

Secure transfer of patient information

Access to provincial/territorial patient information systems

Interface to non-doctor health professionals

An Artificial Intelligence (AI)

None of the above

Q17. Electronic tools used by patients

<https://surveys.cma.ca/en/permalink/survey88>

Survey Date: 2019

Full Question: Q17. Which of the following can patients in your practice do?

Topic: Patient care

Electronic records and tools

Keywords: Electronic medical records

EMR

Electronic health record

EHR

Patient notes

Virtual care

Visit

Consult

e-scheduling

Online records

Online prescriptions

email

- Response Choices:
- Request appointments online (i.e. advance access e-scheduling)
 - Request prescription renewals online
 - View information from their health record online (e.g. lab test results or immunization history)
 - Electronically add measurements (e.g. blood pressure readings) to their electronic record
 - Electronically add text and/or other documentation to their electronic record
 - Visit with you virtually (i.e. online by video)
 - Consult with you via email or text message
 - None of the above
 - N/A (e.g. hospital practice only)
